Annual Report 2020–2021

The Prince George's Community College Annual Report is produced based on fiscal years starting in July and ending in June.

A nine-member Board of Trustees oversees the College organization which is currently under the leadership of its ninth president. The Maryland governor appoints eight members to serve five-year terms on the board, and the student body elects one student to serve a one-year term on the board.

Publication designed by the Office of Communications and Marketing

Prince George's Community College

Kent Hall, Room 236, 301 Largo Road Largo, MD 20774

301-546-0916, creativeservices@pgcc.edu

MESSAGE FROM THE PRESIDENT

1958. In response to a growing need for increased access to educational opportunities for residents in the County, the founding stewards of Prince George's Community College (PGCC) envisioned and established what we know as this fine institution.

It was a bold move and a groundbreaking commitment. In the face of individuals who questioned the undertaking, the founding stewards remained steadfast, commencing classes on the campus of Suitland High School, with a student body of 185. Over the years, our enrollment grew. Our facilities were constructed, and our reach expanded.

Today, Prince George's Community College stands poised at the forefront of the next exciting iteration of higher education. Thousands of students have experienced the life-changing power of a PGCC education, and we continue to strengthen our ability to deliver on our promise of student success.

In this spirit, I am pleased to present Prince George's Community College's 2020–2021 Annual Report, which highlights our achievements, milestones, and the many partners whose generous support makes what we do possible. As we reflect on a remarkable year, we acknowledge the intersection between the past, present, and future — and this should fill us with a sense of hope.

Journey with us through the Annual Report and note that the success and triumph of our students, faculty, staff, and alumni are integral to that of the larger Prince George's County community and the region. From the classrooms on our Largo campus and extension sites to the stages of our Center for Performing Arts, our community is united and stronger than ever before. Thank you for being a part of it.

Sincerely,

Falecia D. Williams, Ed.D.

President

WHAT THE COLLEGE OFFERS ADULT LEARNERS

CONTINUING EDUCATION

Continuing education classes can lead to new job skills, professional advancement certifications, or personal enrichment. Start dates vary, and **scholarships** are available.

For more information, email wdce@pgcc.edu or call 301-546-0159.

PRIOR LEARNING ASSESSMENT NETWORK (PLAN)

With five or more years of work or volunteer experience, individuals can receive up to 15 credits toward a degree in their field.

For more information, email plan@pgcc.edu or call 301-546-0437.

WORKFORCE DEVELOPMENT

The College offers professional development and certificate programs in childcare, construction management, veterinary assisting, and help desk technology. Also included is a:

Sustainable Energy and Workforce Development Program (SEWDP). This free, industry-certified training provides participants with the basic skills to gain employment in sustainable energy fields such as electric vehicles, solar panels, green building construction, and more. For more information, email Jocelyn Kennedy at kennedjk@pgcc.edu.

SKILLED TRADES

Construction and skilled trades programs are taught at the College's Westphalia Training and Skilled Trades Center locations. They include:

- ◆ Building Maintenance Engineer
- ◆ Carpentry (NCCER)
- ◆ Electrical & Residential Wiring (NCCER)
- ◆ HVAC/R (NCCER)
- ◆ Locksmithing
- ◆ Plumbing (NCCER)
- ◆ Welding

For homeowners and others who have day jobs, the Skilled Trades Center also offers evening classes on how to install and repair drywall and ceramic tile and how to repair electrical and plumbing issues.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESL)

Individuals who want to improve their English skills are encouraged to sign up for Adult Education ESL. Classes are available in-person and online. To find out more, email adulthoodeducation@pgcc.edu or call 301-546-8350.

HIGH SCHOOL DIPLOMA PROGRAMS (GED AND NEDP)

GED and NEDP courses are available to adults seeking their high school diplomas. Test preparation and basic reading and math classes for those preparing to take the Maryland GED are free, although students must purchase their textbooks. Learners are placed in classes according to their level of need, and most classes meet 60 hours per semester.

Mature adults with significant life experiences who can demonstrate academic competencies and life skills may seek their high school diploma through the National External Diploma Program (NEDP). The cost of the NEDP program is \$200. To enroll, individuals must qualify in math, reading, and writing.

For more information, email ged@pgcc.edu or call 301-546-0891.

For more information about Workforce Development courses or to register for classes, call the College's customer service desk at 301-546-0159.

FY2020–2021 Highlights

A total of 57 individuals were trained and certified in sustainable energy and workforce development fields during the academic year. The breakdown by course and number of participants trained and certified is as follows:

Maryland Home Improvement Contractor License Exam Preparation	12	Building Performance Institute	21
NCCER SOLAR PHOTOVOLTAICS	18	ASE L3 Hybrid/Electric Vehicle Specialist Licensing Preparation	6

HOW PGCC SUPPORTS VETERANS

VETERANS SERVICES

Between 490 and 600 active-duty military, veterans, and their family members access the Prince George's Community College Veterans Services Office each academic year for one-on-one assistance while pursuing a degree. Staff help with applications for educational **benefits**, set up **tutoring**, academic and career **counseling**, and provide information about **services** PGCC offers, such as:

VETERANS UPWARD BOUND TRIO,

a free program that prepares eligible veterans for College.

COURSES AT JOINT BASE ANDREWS

that include general education classes such as English, social sciences, mathematics, sciences, and humanities. For more information, email veterans@pgcc.edu or call 301-546-5282.

FY2020-2021 Highlights

Veterans Services Office activities extend beyond academics. Highlights include:

Creating the first Veterans **Sharktank** competition.

Veterans and family members were offered opportunities to receive training and pitch their ideas for up to \$15,000 to help grow their businesses.

Training veterans to be outstanding entrepreneurs through a partnership with

the College's Innovation Hub. The InnoHub sponsors the **Startup Cup**, a countywide pitch competition identifying local businesses with solid business ideas.

Assisting veterans with their legal and disability claims through a **partnership** with the **National Association of Black**

Veterans (NABVET), an organization that has helped return more than \$4.5 million to veterans in recent years.

Providing veterans with the **tools to manage physical limitations** and challenges that the pandemic may have exacerbated. A

partnership with Faith Plus Works PT gave veterans **virtual physical therapy sessions**.

BUSINESSES AND NONPROFITS

INNOHUB

The Innovation Hub at Prince George's Community College offers a physical and virtual space where businesses can collaborate with others and get help with new ideas. The InnoHub features a product design studio, coding lab, human capital lab, and advisory studio. Students, faculty, businesses, and community members work together to generate new ideas and create new or improve existing processes, services, and products. Programs and services include:

SmallBiz Safety courses that address a variety of safety issues.

PGCC Startup Cup that helps entrepreneurs develop business ideas and start companies.

Pivot Your Business virtual workshops that help business owners explore new ideas and adapt to change.

Small Business Coaching that helps businesses develop or revise their business plan.

Anyone interested in joining the InnoHub network to receive information about events and activities can do so by **submitting their email address**.

CLIENT SOLUTIONS@PGCC

For the past 30 years, Client Solutions has helped Prince George's County businesses with their organizational development and training needs. Although pandemic challenges included transitioning to an online environment, instructor-led education and training have returned with guidelines.

Training to enhance employee skills and keep businesses competitive is available through Prince George's Community College's Workforce Development. The training is affordable and flexible and can be provided at various locations, including at a business site or on campus. Classes can be scheduled during lunch, after work, or on weekends to limit the impact on a business's regular workflow. It can also be delivered online, through teleconferencing, or as part of a consortium. For more information or to set up training that meets your business's needs, contact Dawn D. Carter, director, at carterdd@pgcc.edu or **301-546-2671**.

FY2020–2021 Highlights

Client Solutions continued its ongoing partnerships with:

The Thomas Shortman Training Fund (TSTF) to help members gain the education and skills needed to grow in the quickly changing services industry by providing them with a variety of adult education classes at the College's University Town Center and Skilled Trades Center locations:

- Academic skills, including reading and math
- English as a Second Language (ESL)
- Introductory computer skills
- Skilled trades such as basic plumbing, carpentry, and electricity
- License preparation courses such as CPR

CASA to provide workforce development training for Latino and immigrant populations in Prince George's County. A new 50-hour solar course was added to the three 60-hour courses provided for CASA's vocational training program:

- Building maintenance engineer
- Heating and ventilation
- Air conditioning and refrigeration
- Introduction to solar photovoltaics

Prince George's County Public Schools (PGCPS) to help deliver courses that novice PGCPS teachers need to certify in the state of Maryland. The classes are offered through the College's education and psychology departments, and participants are provided coursework in human growth and development, teaching methodology, student assessments, special education, and literacy.

FY2020–2021 Highlights

The InnoHub has partnered with the Good Food Consortium to address **food insecurity** in Prince George's County. Fifteen students were recruited to design solutions to combat the problem, which could ultimately impact the County's disproportionate rate of diet-related illness. Three blended design teams were created, each with high school and college students. Faculty and staff mentors, and external entrepreneurs have been leading the teams through a process that involves research, prototyping, and exhibition.

The College's selection by the Education Design Lab as one of six community colleges with **extraordinary entrepreneurial potential** means it will participate in a scalable pathways model to improve outcomes for underserved students. This opportunity was facilitated by the Prince George's Community College Foundation and the Office of Institutional Advancement's Grants Office.

The Design Lab grant and extensive support over two years are valued at \$417,000, which will cover the cost of:

- Developing **stackable credentials** for in-demand career fields such as allied health and technology
- Enrolling at least **600 students**
- Expanding the College's **Pathways** initiative

COMMUNITY MEMBERS

The African American Studies Institute engages in digital outreach, educational programs, research, and community partnerships, making an impact locally, regionally, and internationally. It holds space for meaningful cultural, social, and political participation of people of African descent.

AFRICAN AMERICAN STUDIES INSTITUTE

Iyelli Ichile, Ph.D., is director of the Institute, which is anchored in the Division of the Humanities, English, and Social Sciences at Prince George's Community College. The Black Culture Matters series and other programs are **accessible online**. Visit the African American Studies Institute for more information about its programs and events.

The Black Culture Matters series, funded with a \$1,000 mini-grant from Maryland Humanities and matching funds from the College, provided lively and well-attended lectures and discussions during the year. The series was developed around the theme: resisting dehumanization through the humanities. Each event can be viewed on the **PGCCTV YouTube channel** by selecting the title:

- ◆ **Celebrating While Black:** From Juneteenth to Black August with Dr. Karanja Keita Carroll
- ◆ **Black Hair-itage, History,** and Healing with Dr. Afiya Mangum-Mbilishaka
- ◆ Writing Freedom: **Black Literature and Social Justice** with Dr. Tony Medina
- ◆ **Media, Music, and Memory** with Dr. Jared Ball

BOOK BRIDGE PROJECT

The Book Bridge Project has since 2005 brought County residents and the Prince George's Community College community together in shared learning experiences about contemporary issues through literature. The program offers opportunities for lively discussions, enhanced critical thinking skills, and a better understanding of others' views and perspectives.

HIGHLIGHTS FROM FY2020-2021

A series of personal essays by Nigerian-American author Bassef Ikpi in the book "I'm Telling the Truth, But I'm Lying" prompted the Book Bridge discussions during the school year. A wide range of books, including nonfiction and fiction, have been featured over the years.

CAREER SERVICES

Prince George's Community College offers career help to students, alumni, and community members. The services include:

- ◆ Career **assessments** that direct individuals to career options based on their preferences and interests;
- ◆ Career **information** (including salaries and training needed); and
- ◆ Career **pathways** offered at Prince George's Community College.

Career Services also offers resumé reviews and cover letter writing assistance, job search and career readiness training, and internship opportunities and assistance. For more information, contact **careerservices@pgcc.edu** or call **301-546-0136**. Office hours are weekdays, 8:30 a.m.-6 p.m. (first and third Friday of each month, 2-6 p.m.).

CENTER FOR PERFORMING ARTS

This premier facility offers five diverse performance venues on the Prince George's Community College main campus in Largo. The Center supports students' passions for dance, music, theater, and communications and enables them to hone their skills in a professional environment with state-of-the-art equipment.

The Center hosts year-round performances and events, including the annual Bluebird Blues Festival that help meet the growing demand for cultural arts entertainment in the greater metropolitan area. Tickets can be purchased online, or by calling the ticket office at **301-546-7BOX (7269)**. Space is available at the Center to rent for public and private events. Contact the management office for more information: **rentals-cpa@pgcc.edu**.

CHILDREN'S DEVELOPMENTAL CLINIC

The Children's Developmental Clinic serves children experiencing learning problems, gross and fine motor issues, language delays, emotional issues, or orthopedic challenges. The Clinic is a community service program conducted by the Workforce Development and Continuing Education division at Prince George's Community College and the School of Public Health at the University of Maryland.

Although the Clinic was not open in the fall session of 2021, it is expected to reopen. Anyone interested in being added to the email list for updates should contact Susan Gagnon at **gagnonsl@pgcc.edu**.

COMMUNITY MEMBERS

CULINARY ARTS CENTER

A new Culinary Arts Center on the Largo campus includes three specialized kitchen labs and a large community kitchen where students learn to cook and serve what they make. Professional chefs, home cooks, and foodies will **find classes at the Center** to meet their needs, along with courses in other wellness and hospitality fields.

FY2020–2021 HIGHLIGHTS

The Culinary Arts Center partnered with Catholic Charities DC to address the root causes of food insecurity and health disparities. The effort was part of a Community Food Distribution in September 2020 with support from a Food Security grant

received through the Prince George's County Council Non-Departmental Grant Program. The Center distributed 50 turkeys and gift cards to Prince George's County families for Thanksgiving in collaboration with the Next Steps Training and Education Program at Prince George's Community College.

FINANCIAL EMPOWERMENT CENTER

A robust local economy and financially stable households benefit the entire community. The Financial Empowerment Center@Prince George's Community College, in partnership with United Way and the National Capital Area, helps boost financial literacy. The Center offers the following services:

Tax preparation services

Financial **coaching**

Financial **workshops**

For more information, email fec@pgcc.edu or call **301-546-5296**.

LIBRARY

The Prince George's Community College Library is located on the Largo campus in Accokeek Hall on the first and second floors. It is open to the community as well as to students. Community members who can verify their residency with a state-issued ID may secure a library card at the Circulation Services Desk on the first floor.

For more information, call **301-546-0476** or email librefdesk@pgcc.edu.

PRINCE GEORGE'S COMMUNITY COLLEGE FOUNDATION

The Foundation is operated exclusively as a nonprofit organization for charitable and educational purposes. It exists to advance the mission, vision, and goals of Prince George's Community College, and its 25-member board consists of **community leaders** who advocate for the College and oversee fundraising. They also foster partnerships and leverage funds to help the College reach its strategic goals and objectives.

The Foundation offers a variety of **giving opportunities** to anyone who would like to support the College, its students, and the many programs it offers at the Center for Performing Arts and

elsewhere on its main campus and five other locations. From one-time donations to recurring gifts, donors can support scholarships, emergency funds, choose naming opportunities, and participate in program and event partnerships. Contributions can be made by calling **301-546-0858** or **online**.

Interested community members and businesses are also invited to participate in the following Foundation fundraising events:

- ◆ Scholarship **Golf Tournament**
- ◆ Partners for Success **Gala**
- ◆ Business **Leadership** Council

FY2020–2021 HIGHLIGHTS

The Prince George's Community College Foundation **facilitated more than \$2.7 million** in gifts and pledges to the College during FY2021, a record in a non-campaign year. That included an in-kind Africana art collection valued at \$158,000, featuring the work of some of the most influential Black artists of the century.

The Foundation **awarded more than \$1 million** to Prince George's Community College for scholarships and educational programs.

The PGCC Foundation held its biennial **Partners for Success Gala** virtually for the first time in the event's history due to the pandemic. Despite using computers and mobile devices to participate, partners and donors enthusiastically contributed to student success as they enjoyed stellar performances by The Prince George's Philharmonic, The Ballet Theatre of Maryland, and dance, music, and drama showcases by the talented Prince George's Community College faculty and students.

During the year, the Foundation received nine new scholarships totaling \$647,000:

Adelphi	\$6,500	Partners for Success	
Allied Health & Nursing	450,000	Student Achievement	\$10,000
Dr. Lorraine Bassette	500	Pepco Community Scholars Program	100,000
Gilbane & Partners	60,000	Prince George's Upward	6,500
Level Up	12,500	Professor Emeritus Salah Negm	1,000

COMMUNITY MEMBERS

PGCC-TV

The College's award-winning educational access television channel, PGCC-TV, is available to more than 750,000 cable subscribers in Maryland. Verizon FIOS subscribers can view PGCC-TV on Channel 44, and Comcast-Xfinity subscribers can view the channel on Channel 75 SD and 995 HD. PGCC-TV shows can also be viewed on the **College's YouTube channel**.

The PGCC-TV facility on the Prince George's Community College campus in Largo is one of the newest and highest definition production facilities in the Washington metropolitan area.

FY2020-2021 HIGHLIGHTS

"Around Prince George's," a student-anchored news show produced under the leadership of Communications faculty, N. Louis Holder and PGCC-TV, won the 2020 National Association of Black Journalists (NABJ) Salute to Excellence Award in the category of "Best Undergraduate Television Program."

ROBERT I. BICKFORD NATATORIUM

The Natatorium is located on the Largo campus and houses a 50-meter pool, a training pool, a hydrotherapy pool, a weight training room, two-on-two basketball court, and three racquetball courts. All of these resources are available to the College community and the public. Although the facility was closed during the pandemic and has not reopened, you can check its status by emailing RIBNatatorium@pgcc.edu or calling **301-546-0676**.

SAGE

Seasoned Adults Growing Educationally (SAGE) is a tuition-free program for Maryland adults age 60 and older, which has traveled to every continent except Antarctica. Courses include art, music, dance, fitness, languages, estate planning, history, and more. For an \$85 registration fee each trimester, program participants can take unlimited SAGE classes. Registration does not include any lab, computer, or supplies fees.

Maryland residents who are at least 60 years of age at the start of a semester are also **exempt from paying tuition for regular courses** at Prince George's Community College. Although tuition is free, SAGE students must pay for special fees, books, and course materials.

For more information about the SAGE program, email sage@pgcc.edu or call **301-546-0923**.

HIGHLIGHTS FROM FY2020-2021

Pre-pandemic, SAGE offered classes in 24 Prince George's County locations, ranging from community and senior centers to city halls and residential housing. The program currently holds in-person classes at five locations and remotely via Zoom. The most well-attended SAGE classes during the year were Spanish, yoga, and piano. Senior health and fitness classes are also popular.

THE SAGE PROGRAM:

- Encourages students to pursue and attain an associate degree
- Teaches new skills that improve quality of life
- Enriches retirement years with educational opportunity
- Reunites old friends
- Introduces new friends
- Provides opportunities to compete locally and nationally in the Senior Olympics

During the pandemic, students shared that participating in classes remotely enriched their lives and helped them with the challenges of social isolation.

STUDENTS SEEKING ACADEMICS

A variety of programs for degree-seeking teenagers and young adults are available at Prince George's Community College.

Although students often start college after graduating from high school, there's also an option to **start college early** and simultaneously earn a high school diploma and an associate degree.

Students will want to know about the following:

ACADEMIC CALENDAR

The Academic Calendar provides the schedule of when the fall, winter, spring, and summer semesters begin and end. It also includes registration **deadlines**, exam dates, breaks, and the College's other key dates.

DEGREE PROGRAMS

ASSOCIATE DEGREES. Prince George's Community College offers a variety of associate degrees. They can be found in an online program finder that **searches** by program or keyword.

BACHELOR'S DEGREES AND BEYOND. Prince George's Community College has **transfer** and articulation agreements with a long list of partners, schools that smooth the way to a bachelor's or graduate degree for students who have higher education goals.

ACADEMIC AND CAREER PATHWAYS

provide students with a clear map to

their goals that saves time and money.

- ◆ Allied Health and Nursing
- ◆ Behavioral and Social Sciences
- ◆ Business, Industry, and Entrepreneurship
- ◆ Education
- ◆ Liberal and Creative Arts
- ◆ Professional and Personal Development
- ◆ Public Safety and Law
- ◆ Sciences, Engineering, and Mathematics
- ◆ Technology
- ◆ Wellness, Culinary Arts, and Hospitality

FY2020–2021 HIGHLIGHTS

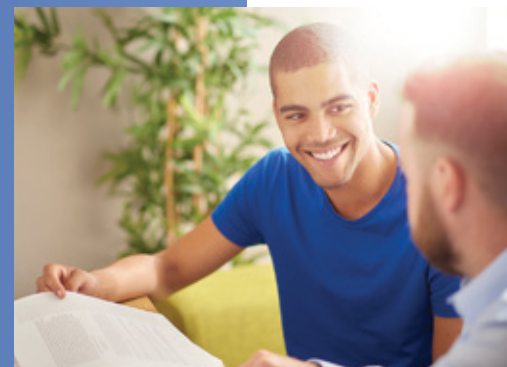

Prince George’s Community College earned a top ranking by Intelligent.com, a higher education resource guide that helps students make informed academic decisions, for having the **“Best Online Business Administration Associate Degree Program.”** The College’s Business Administration program is also designated as **“Best in the Southeast.”**

The PGCC Public Safety and Law Department is recognized as one of the **“Best Online Associate Programs in Criminal Justice”** by Best Value Schools. It is also **rated #5 out of 20**, based on the overall quality of the Criminal Justice program, value, and adaptability to the workforce.

The percentage of first-time college students who earned at least 15 credits in their first year has **almost doubled** from four years ago. Of the fall 2020 cohort, **32.1% earned 15 or more credits in their first year**, compared to 17.1% of the fall 2016 cohort.

TOP TRANSFER SCHOOLS FOR PGCC STUDENTS

- 1 UNIVERSITY OF MARYLAND GLOBAL CAMPUS

PROGRAMS FOR HIGH SCHOOL STUDENTS

Creating Opportunities for Academic Success and Transfer (COAST) program places coordinators in various local schools to help smooth the path from high school to college.

Dual and Concurrent Enrollment allows students to get a head start on college by taking college classes in high school.

Early Admission for high school students who fulfill their graduation requirements early and can attend Prince George’s Community College full-time in their senior year.

Early/Middle College programs primarily provide opportunities for first-generation minoritized students who are eligible for free and reduced-price meals to earn their high school diploma, specialized certification(s), and an associate or bachelor’s degree in a specified discipline within four to six years.

For more information, email program manager Jasmine Jones Hopewell at jonesjm@pgcc.edu or call 301-546-5276.

Talented and Gifted Enrollment that serves 8th, 9th, and 10th-graders.

STUDENT SUPPORT SERVICES

Computer Labs for student use are located at the Largo campus, Laurel College, and University Town Center. For more information, email enrollmentservices@pgcc.edu or call **301-546-7422**.

Disability Support Services are available to students with visual, physical, sensory, and psychological disabilities. Office hours are 8:30 a.m.–4:30 p.m. Email dss@pgcc.edu or call **301-546-0838**.

Financial Assistance is available to students in the form of scholarships, grants, and loans that can make college more affordable. To find out more, email finaid@pgcc.edu or call **301-546-0822**.

PGCC Foundation and Institutional Scholarships include:

Maryland Promise Scholarship

Prince George's County Promise Scholarship

PepsiCo Foundation Uplift Scholarship

Southern Management Leadership Program

TRIO SUPPORT SERVICES

TSS provides students in need with academic advising, financial aid and help with financial literacy, transfer assistance, and cultural and educational enrichment. Staff can be reached at **301-546-0681**.

TUTORING is available to students at various locations, including the Library on the Largo campus, Laurel College Center, and University Town Center.

The College's Next Step Training and Education Program (**NSTEP**) provides participants with advising services, tuition assistance, and career counseling, along with workshops on budgeting, building credit, parenting, and academic activities for children. In 2018, the Governor's Office recognized NSTEP for its approach to alleviating generational poverty for families receiving public assistance.

STUDENT SUCCESS STORY

"I am forever grateful for this great opportunity to continue my education, and I'm even more grateful for the staff that stuck by me and rooted for my success over the past four years," said a single parent who experienced false starts, chronic unemployment, and still managed to complete her A.A. at Prince George's Community College, and her B.S. at University of Maryland Global Campus. She is embarking on an M.B.A. program in January 2022. "I never felt such support or had people that were invested in my success like the Next Step program staff."

FY2020–2021 HIGHLIGHTS

This academic year saw the first **graduating classes from two Early/Middle College programs**. The 63 students who earned both a high school diploma and an associate degree are now attending nearby four-year colleges and universities, including Bowie State University, the University of Maryland at College Park, Towson University, and Howard University.

The Teacher Preparation Pathway graduated **22** students with an A.A. degree in teaching.

The P-TECH Pathway graduated **41** students, **21** with an A.A.S. degree in health information management, and **20** with an A.A.S. degree in hospitality services management.

LEADERSHIP, MENTORING, AND GROWTH PROGRAMS AT PGCC:

Diverse Male Student Initiatives (DMSI), helps men focus their energies on self-improvement and community involvement, **EMPOWERING** them to assume leadership roles.

Women of Wisdom (WOW), provides **OPPORTUNITIES** to individuals who self-identify as women of Prince George's Community College to enhance their academic, personal, and professional development.

Marlboro Hall, a significant renovation and **EXPANSION** project, is scheduled to reopen in 2024 with high-tech classrooms, energy-efficient operations, and better accessibility.

PGCC Cares provides resources to help students overcome barriers to their education by assisting them in meeting **CRITICAL NEEDS** for tuition, transportation, housing, food, and other emergency needs. For more information or to donate, email pgcccares@pgcc.edu or call **301-546-0845**.

PGCC Go Open offers **MORE THAN 730 Z-COURSES** in various academic subjects that use open-source materials instead of textbooks to save students money. Students can search for Z-Courses using the drop-down box under "course type" and choosing "zero-cost textbooks."

Z-Courses Save Students Money!

PRINCE GEORGE'S COMMUNITY COLLEGE

LOCATIONS

Prince George's Community College has a main campus in Largo with five additional locations, conveniently located around Prince George's County.

Main Campus
301 Largo Road
Largo, MD 20774

Main phone number:
301-546-PGCC (7422)

ADDITIONAL LOCATIONS:

J Joint Base Andrews

1413 Arkansas Road
Joint Base Andrews, 20762
301-546-8700
301-981-5949

Joint Base Andrews offers evening and weekend classes to military and civilian students that can lead to an associate degree in accounting, business administration, business management, criminal justice, or general education. Certificate programs are also available.

L Laurel College Center

312 Marshall Avenue, Suite 205
Laurel, MD 20707
866-228-6110
443-518-4162

Laurel College Center offers a full range of services in a unique partnership with Howard Community College. The variety of classes provided can lead to an associate degree in business administration, general studies, and psychology. Continuing education courses, including GED prep and English language learners (ESL) programs, are also available.

T Skilled Trades Center

6400 Old Branch Avenue
Camp Springs, MD 20748
301-546-0894

Programs in HVAC, plumbing and building maintenance are offered at the Skilled Trades Center to train those seeking careers in these industries, as well as certifications for experienced workers interested in expanding their job opportunities. Electrical, plumbing, drywall and paint, and ceramic tile classes are also open to homeowners interested in increasing their skills. Hands-on evening and weekend courses are offered for the convenience of working adults.

U University Town Center

6505 Belcrest Road, Suite 125
Hyattsville, MD 20782
301-546-8000

A full range of services and more than 40 state-of-the-art classrooms and labs are available at University Town Center. Students can earn their associate degree close to home and transfer seamlessly to one of many nearby universities to earn a bachelor's and graduate degree. Certificates in healthcare and childcare, high school diploma options, adult literacy, and a program for English language learners (ESL) are also available at this location.

W Westphalia Training Center

9109 Westphalia Road
Upper Marlboro, MD 20774
301-546-0964

Training and certifications in automotive, HVAC/R, electrical, welding, locksmithing, stationary engineering, facility management, and forklift and backhoe operations are offered at the Westphalia Training Center. The extensive trades programs include daytime and evening classes to fit a working student's schedule.

FACULTY ACHIEVEMENTS

Nicole B. Clarke, MS, CHE, associate professor, Department of Wellness, Culinary Arts, and Hospitality, received her Certified Hospitality Educator credentials from the American Hotel and Lodging Association. The certification recognizes the teaching ability of hospitality educators at the college level.

Latasha M. Cousar, MSN, RN, CHSE, associate professor, nursing and simulation and nursing skills laboratory coordinator, received her Certified Healthcare Simulation Educator (CHSE) certification from the Society for Simulation in Healthcare. This certification validates the knowledge, skills, abilities, and accomplishments essential for educators in the field of healthcare simulation.

JaQuon Epps, a Ph.D. professor of sociology, completed research on the intersection between race, gender, and mental health with a focus on the disproportionate rates of lupus in Black women.

Julie Gordon and Jaison Novich are professors who created an eight-week Online Educational Resource (OER) training course that equips faculty with the skills and knowledge to develop classes that use open resources so that students do not have to purchase textbooks.

Larry D. Miller, an adjunct humanities professor and a weekday WUSA9 anchor, reported on a complaint by two Prince George's County homeowners who said that their large, luxury homes failed to meet anticipated appraisal values because they are located in majority-Black neighborhoods.

Miller's story brought attention to concerns about biased home appraisals in Prince George's County, which appear to be part of an ongoing problem. A coalition of community leaders, realtors, elected officials, and concerned citizens across the County now provide information on the issue of biased appraisals. The Fair and Unbiased Appraisal Advocates (FUAA) also has a new website that offers information and resources, blackhomesmatter.org.

History professor Benjamin Hurwitz, Ph.D., served as assistant director of the Enslaved Children of George Mason (ECGM) Project which seeks to reconstruct the 18th-century experiences of enslaved children and adults on the Gunston Hall Plantation in Virginia.

Stephanie Dashiell, an English professor, presented at Virginia Tech University's 2020 Conference on Higher Education and Pedagogy. The conference organizers were so impressed with the paper that they invited her to return to the 2021 conference as the closing keynote speaker. Her presentation focused on the necessity of practicing self-care while teaching during the pandemic.

Laura Ellsworth, associate dean; Percy Alston, chair and professor; Ashanti Bryant Foster, Ed.D., chair and professor; and Charles Perry, D.M., professor; presented at the virtual 31st Annual Association of Faculties for Advancement of Community College Teaching (AFACCT) Conference on January 7, 2021. In the presentation, "The Perfect Storm: How One Division Reinvented Itself Post-Realignment," the panelists described their unique experiences in a semester-long "boot camp" that expanded their knowledge, skills, and abilities in leading their respective departments as new chairs and how they built a collaborative, interdisciplinary division team focused on continuous improvement and student success.

History professor Sharita J. Thompson, Ph.D., was featured in a Washington Post article on May 29, 2021, that described her work teaching DC police recruits about the history and culture of African American communities. Thompson also participated in a campus panel discussion: "Bridging the Gap: Police and Community Relations."

William (Bill) Miller, a professor of chemistry, guided his students in research using handheld refractometers in remote environments. Their work was recently published in the Journal of Chemical Education. Although chemistry experiments are typically conducted in a laboratory environment, pandemic challenges prompted Miller to find ways to pilot remote experiments in his courses using everyday objects. He did this successfully and has since presented his findings at national conferences.

Shelly Thorpe, an adult education lead instructor, was awarded the 2021 Maryland Association for Adult, Community and Continuing Education (MAACCE) Instructor Award for her dedication and expertise in teaching and learning. MAACCE is a nonprofit organization providing leadership in Maryland for those interested in advancing education as a lifelong process.

Prince George's Community College introduced its vision, mission, and guiding principles

in the FY2019–2021 Strategic Plan, effective on the first day of the Fiscal Year 2019 (July 1, 2018).

Through the plan, the College advanced its goals of increasing student success, regional impact, and organizational excellence as outlined in a final report issued on September 9, 2021.

The College developed the plan with the help of a 17-member Strategic Planning Council, a six-member Key Performance Indicator Group, and three Implementation Planning Teams (29 total contributors). The College was intentional in its approach to establishing, monitoring, and reporting ongoing progress against the plan.

Here are the goals reached and some of the programs implemented as part of the Strategic Plan:

STUDENT SUCCESS

Online new student orientation—providing new and transfer students an efficient, engaging, and easy-to-complete online orientation that saves time and money traveling to campus.

Navigate software—integrating academic planning with registration so that credit students and advisors can collaboratively view and create current and future term schedules to fit the goals and needs of their selected career pathway.

Open educational resources—offering more than 730 course sections in FY2021 without textbooks, Z-courses make education more affordable for 10,300 students and save a total of nearly \$1.4 million in textbook costs.

Pathways—mapping clear academic and career paths for students to achieve their goals saves them time and money.

REGIONAL IMPACT

Center for Performing Arts—increasing the College's impact on the region, this facility meets the growing demand for premier entertainment space and offers students **a place to perform** where they can hone their skills in a professional environment. The 173,000 square-foot facility hosts local, regional, and **international** performances in five state-of-the-art venues. The center is conveniently located with plenty of parking, and space is available for lease for public and private events.

Workforce development roundtables—participating in the Education Design Lab's Community College Growth Engine Fund (CCGEF) provided Prince George's Community College with sponsorship for **innovative coaching**, support, and relevant market data. It also helped create the curricula needed to connect learners to higher-wage jobs.

The College convened two workforce development roundtable discussions about the changing needs of employers and learners. Participants included local employers, PGCC learners, the Prince George's Chamber of Commerce, and Prince George's County Public Schools. **The College analyzed and disseminated insights** and feedback to participants following each roundtable discussion, and incorporated into its plans new ways to **prepare students for available jobs**.

ORGANIZATIONAL EXCELLENCE

Business process transformation—launching a new Project Management and Strategy Office in FY2020, Prince George's Community College enhanced its ability to select and successfully deliver strategic projects. The College also reviewed and improved the clarity of its procedures, and implemented new time and attendance software. A comprehensive Information Technology (IT) evaluation was completed to address any security risks.

College website redesign—condensing more than 3,000 web pages to 300, introducing more visually-appealing pages, and supporting Pathways by making students aware of the technologies and tools for onboarding, enrollment, and registration enhanced the site. The redesign also made it **easier for visitors to find what they were seeking**. The website redesign was unveiled in 2019, resulting in a more sustainable content management system, an improved level of internal excellence, and greater efficacy in showcasing the College's achievements.

The benefits of the Strategic Plan included Prince George's Community College's goals of making crucial gains in student success, achieved through the College's education and positioning of students to perform competitively in higher-wage careers. In addition, Prince George's Community College's increased responsiveness to local and regional workplace requirements impacted the region by providing employers with competent and innovative workers, boosting the economy. The College has also achieved organizational excellence, becoming **a higher-performing organization that operates more efficiently, effectively, and with greater purpose**.

Fiscal Year 2020–2021

GRANTS AWARDED
